YUEFENG SUN

Europe Academy Lead & Cloud Architect | Generative AI & LLM Training

Greater Paris Region, France · linkedin.com/in/sunyuefeng · Cloud Computing · Big Data · Generative AI

PROFILE

Yuefeng SUN designs and delivers training on cloud computing, big data and generative AI / large language models for partners, clients and business leaders across Europe. As Europe Academy Lead at Alibaba Cloud, the role combines hands-on cloud architecture with executive education — building certification programmes and learning paths, and helping organisations adopt generative AI responsibly while controlling costs and developing internal capability.

ENTERPRISE TRAINING

Accor · BMW · HSBC · IKEA · LVMH · Michelin · Nike · TÜV

Cloud and AI programmes for enterprise teams, built on the official Alibaba Cloud ACP curriculum and adapted to each audience: prompt engineering, retrieval-augmented generation (RAG), multi-agent systems, fine-tuning and production deployment, together with AI strategy, cost governance and data sovereignty for business leaders.

UNIVERSITY & EXECUTIVE TEACHING

UCL · University of Reading · Kingston University · University of Greenwich

Modules on *Artificial Intelligence for Business Leaders* and *Generative AI Strategy* taught to MBA students and senior executives at leading UK universities.
